PROFESSIONAL SUMMARY

I turn strategic opportunities and partnerships into executable programs, operating systems, and measurable outcomes. 15+ years of professional experience, including 7+ in innovation and ecosystems. Led national innovation programs for INCmty and HEINEKEN México; built regional partnerships and AI-enabled commercial operations. Combine program design, stakeholder leadership, and hands-on implementation to make complex initiatives work.

SELECTED EXPERIENCE · PROGRAMS & STRATEGIC OPERATIONS

FlipHouse | Fractional Strategic Operations Director

Oct 2025 - Jun 2026 | Fractional engagement

- Integrated strategy, RevOps, marketing, and AI into a commercial operating system for lead acquisition, qualification, and follow-up.
- Designed and implemented SOFI across HubSpot, Make, WhatsApp, and voice AI. Achieved **89.5% automated contact coverage across 191 leads** and a **74.9% response rate among contacted leads** in a live campaign.
- Reduced speed-to-lead from **1-3 days to under 5 minutes**; increased leads processed into the CRM from **5 to 30 per week** (+500% against the declared baseline).
- Built the Notion operations hub, standardized CRM lifecycle stages, and automated reporting; developed the institutional investment pitch deck and operational due diligence deliverables.

HackSureste | Founder & Innovation Program Director

Mar 2018 - Dec 2023 | Concurrent with INCmty program delivery

- Founded a regional innovation ecosystem connecting talent from **six Mexican states** with universities, government, and corporate partners; reached **3,000+ participants** (operational estimate; overlaps with other programs).
- Expanded the model from Mérida to Ciudad del Carmen and adapted delivery to digital formats, including WIRE technical training and ideaLab project development.

HackSureste served as INCmty’s contracted operator for HGC and REDUX; program outcomes are reported below.

INCmty · Tecnológico de Monterrey | National Program Director, Innovation & Entrepreneurship

Feb 2019 - Nov 2022 | National delivery and concurrent southeast regional operations

- Directed **four editions of HEINEKEN Green Challenge**, coordinating program design, national operations, regional partnerships, and a network of **100+ mentors per edition**.
- Virtualized applications, evaluation workflows, and a five-day national bootcamp. The 2020 edition reached **1,325 projects, 3,975 entrepreneurs, and 562 universities**.
- Built regional entry points through public, private, and academic partnerships, driving **+600% growth in southeast participation** (operational estimate; documented baseline of 35 proposals).
- Created **REDUX** and its eight-activity methodology across five editions (2020-2022). The 2020 edition trained **400+ university students** and generated **111 ideas**; published the curriculum in 34 open videos.

ADDITIONAL PROFESSIONAL EXPERIENCE

INFORSA | Instructional Designer & Facilitator, Executive MBA

Nov 2025 - Jun 2026 | Concurrent contract

- Delivered **24 teaching hours** in an executive management diploma (MBA level) and **16 hours** in a human resources diploma, covering digital transformation, talent, culture, ESG, and strategic management.
- Designed applied modules for senior and mid-level executives: process diagnosis, auditable KPIs, and target operating models. Used AI to accelerate learning-path and material development.

Tecnológico de Monterrey | Professor of Entrepreneurship & Innovation

Jan 2022 - Dec 2023 | Concurrent teaching appointment

- Designed and taught project-based courses in entrepreneurship, innovation, and strategic thinking; mentored students in business-model validation, pitching, and competitions.

Platzi | Talent Development Coach

Jan 2020 - Jan 2021 | Concurrent contract

- Built personalized learning paths for Latin American students and facilitated career strategy, professional communication, productivity, and digital-skills development.

Grupo Gamma Peninsular | Technology & Innovation Project Manager

Jan 2019 - Aug 2020

- Coordinated multidisciplinary teams delivering **15+ enterprise software projects**, using Agile planning, DevOps integration, workflow standardization, and process automation.

Independent | Event Producer & Experience Designer

May 2011 - Jun 2020 | Concurrent independent engagements

- Contributed to the production of **50+ large-scale events with 50,000+ cumulative attendances**, coordinating logistics, technical production, suppliers, sponsors, and teams.

EBC | Professor of Entrepreneurship & Innovation

Sep 2019 - Jan 2020 | Concurrent teaching appointment

- Taught entrepreneurship and business development; prepared students for the regional Hult Prize through idea validation, case analysis, and pitch development.

CodersLink Talent | Director of Public Relations & Recruitment

Jan 2016 - Dec 2018

- Led talent-attraction partnerships with universities, bootcamps, and technology communities; contributed to **1,000+ developer placements** with U.S. technology companies.
