

DIEGO MAURY

Strategic Program Manager | Innovation Operations & Digital Transformation

(+52) 56 5926 7516 · dm@diegomaury.mx · linkedin.com/in/diegomaury · diegomaury.mx · Mexico City (GMT-6)

SUMMARY

Strategic Program & Innovation Operations Manager with **10+ years** leading high-impact transformation, innovation, and ecosystem initiatives across **LATAM**. Experienced in designing and operating scalable systems that **connect** strategy, operations, stakeholders, and measurable outcomes across corporations, startups, universities, and public sector organizations. Led national **innovation programs**, digital transformation initiatives, operational redesign projects, and ecosystem development strategies combining agile methodologies, process automation, **systems thinking**, and program governance. Recognized for building operational infrastructures from scratch, leading multi-stakeholder initiatives, mentoring founders, and designing **REDUX**, a sustainable entrepreneurship methodology adopted across educational and entrepreneurial communities.

EXPERIENCE

Strategic Operations & Process Transformation Manager 2025 – Present

FlipHouse

- Designed and implemented a full-stack AI-powered lead operations system integrating Meta Lead Ads, Make, HubSpot, VAPI, Twilio, and WhatsApp workflows.
- Built the operational architecture for automated lead qualification, lifecycle management, retry logic, and CRM governance, improving speed-to-lead and pipeline visibility.
- Developed AI voice-agent workflows including conversational prompts, qualification systems, escalation logic, and end-of-call automation.
- Structured HubSpot as the operational single source of truth, integrating automation, reporting, lead-state governance, and deal creation workflows.
- Built reporting systems and operational dashboards enabling data-driven decision-making across leadership and commercial teams.
- Led process standardization and operational alignment between growth, sales, and founder teams through scalable workflow design.

Innovation Lab Manager & Transformation Program Designer 2018 – 2023

HackSureste

- Founded and operated HackSureste as a regional innovation lab — designing the full program architecture, operational systems, and stakeholder engagement model that positioned the Southeast as a national innovation hub.
- Organized and led the largest hackathon in Southeast Mexico two consecutive editions, managing end-to-end event production, sponsor partnerships, community mobilization, and multi-sector coordination.
- Designed and delivered 50+ training programs, workshops, and bootcamps using agile, Design Thinking, and Lean Startup methodologies, impacting 3,000+ participants across the region.
- Led digital transformation for 6+ organizations — implementing CRM systems, AI tools, and automation workflows to redesign business processes and improve operational efficiency.
- Mentored 100+ early-stage founders through structured validation frameworks, translating methodology into executable venture-building systems.
- Built and managed a network of 50+ strategic partners across academia, government, and industry through a structured ecosystem development model.

National Innovation Program Manager 2018 – 2022

INCmty | Tecnológico de Monterrey

- Designed and managed 30+ open innovation programs at national scale, coordinating multi-stakeholder collaboration across corporations, universities, and public institutions.
- Directed the HEINEKEN Green Challenge — a national open innovation initiative evaluating 900+ sustainability-focused ventures, managing the full program lifecycle from design to evaluation.

- Achieved 600% growth in regional participation through a structured ecosystem development and community activation strategy.
- Designed 12 national entrepreneurship calls using innovation frameworks, challenge-based learning, and partnership management systems.
- Led program positioning strategy, establishing INCmty as the leading entrepreneurship and innovation platform in Mexico.

Instructional Designer & Innovation Program Facilitator 2019 – 2022

Tecnológico de Monterrey & EBC

- Designed project-based learning experiences in entrepreneurship, innovation, agile methodologies, and business modeling for undergraduate and executive audiences.
- Guided cohorts through startup validation, customer discovery, and prototype development using structured facilitation systems.

Talent Development & Learning Systems Coach 2020 – 2021

Platzi

- Designed and facilitated career development programs for 100+ participants, building learning pathways aligned with professional and technical objectives.

Technology & Innovation Project Manager 2019 – 2020

Grupo Gamma Peninsular

- Delivered 15+ enterprise software projects using Agile planning, Scrum, and DevOps integration.
- Supported senior leadership in defining technology roadmaps and implementing digital workflow transformations.

FEATURED PROJECT

REDUX — Sustainable Entrepreneurship Methodology 2020

INCmty | Tecnológico de Monterrey

- Designed REDUX, a proprietary methodology integrating sustainability, systems thinking, and feasibility analysis for early-stage founders — adopted across educational and entrepreneurial communities in Mexico.
- Became the youngest author to develop a recognized entrepreneurship framework at this level, demonstrating the ability to build scalable intellectual frameworks, not just operate existing ones.

KEY ACHIEVEMENTS

30+ Innovation Programs Designed at National Scale · [INCmty](#) · [Tecnológico de Monterrey](#)

Designed and managed over 30 open innovation programs in collaboration with corporations, universities, and government institutions across Mexico.

600% Regional Program Growth · [INCmty](#)

Achieved 600% growth in regional participation through a structured community activation and ecosystem partnership strategy.

REDUX Methodology — Framework Author · [INCmty](#) · [HackSureste](#)

Developed and published a sustainable entrepreneurship methodology adopted in educational communities — original intellectual contribution to the field.

3,000+ People Impacted via Training Programs · [HackSureste](#)

Designed and delivered 50+ workshops, bootcamps, and training sessions across LATAM using agile, innovation, and facilitation methodologies.

Regional Innovation Infrastructure Built from Zero · [HackSureste](#)

Founded and operated HackSureste as a full-stack innovation lab — program design, operational systems, community, and partnerships built from scratch.
